Each university or college to which this table applies has been assigned a span of Cutter numbers as shown in the classification schedule. To apply this table, drop the final digit from the first Cutter number of the institution's assigned span and substitute the remaining number for ".x1" in the table. Drop the final digit from the second Cutter number in the span and substitute the remaining number for ".x2" in the table.

For example, Canisius College, Buffalo, N.Y., has been assigned the span LD791.C47-.C56. Drop the final digit ("7") from the first Cutter number and substitute the remaining number (LD791.C4) for ".x1" in the table. Drop the final digit ("6") from the second Cutter number and substitute the remaining number (LD791.C5) for ".x2" in the table. This results in the following numbers for Canisius College: "Charter (and founding)" (.x17 in table) - LD791.C47; "Bequests, donations, etc." (.x197 in table) - LD791.C497; "Personnel management (.x1995 in table) - LD791.C4995; etc. "Dormitories, residence halls, etc." (.x234 in the table) - LD791.C534; "Presidential inaugurations" (.x248) - LD791.C548; etc.
